

Ruins of Intrigue™

Adventure and Intrigue in the World of the Diamond Throne!

The ruins of Serathis, uncovered only recently, loom high in the mountains. This ancient city draws hundreds to its shattered streets in search of treasure and adventure. Giants and dragons square off from opposite sides of the ruins. The winds of war howl in the distance.

Vast Wealth and Terrible Monsters Await!

Ruins of Intrigue provides the foundation for an entire campaign using **Monte Cook's Arcana Evolved**. The ruined city of Serathis lies between territories claimed by giants and dragons. Both factions seek the city and its treasure, setting the stage for conflict. Adventure source material will take your characters to 10th level and beyond.
